

**COLORADO**  
Department of Public  
Health & Environment

Dedicated to protecting and improving the health and environment of the people of Colorado

October 7, 2014

To Whom It May Concern:

The Colorado Department of Public Health and Environment will not be accepting syndromic surveillance data in 2014. Tri-County Health Department (Adams, Arapahoe, and Douglas Counties) and Denver Health (Denver County) are accepting syndromic surveillance data from Eligible Hospitals and Critical Access Hospitals in their jurisdictions that have an Emergency Department or Urgent Care Department.

The following facilities will not be asked to report syndromic surveillance data this year:

- Eligible Hospitals and Critical Access Hospitals in Denver, Adams, Arapahoe, or Douglas Counties that do not have an Emergency Department or Urgent Care Department.
- All Eligible Hospitals and Critical Access Hospitals not in Denver, Adams, Arapahoe, or Douglas Counties
- All Eligible Providers

Please contact me if you have any further questions.

Regards,

Andrew Horvath  
Electronic Laboratory Reporting Coordinator  
Colorado Department of Public Health and Environment
